UMUC STATESIDE SAFETY AND SECURITY

The security personnel at the Adelphi Headquarters, Academic Center at Largo and the Waldorf Center for Higher Education are unarmed security personnel with no arrest powers. All locations rely on the local law enforcement agencies for police and emergency response.

Seven days a week the Hotel and Conference Center at the Adelphi Headquarters is opened at 6 a.m. and locked down at 10 p.m. or when all evening activities have concluded. The Administration Building at the Adelphi Headquarters is a secure facility and accessible by valid key card only. All visitors, vendors and contractors must enter through the main entrance and report to the security desk. The Academic Center at Largo is open Monday-Friday from 8 a.m. - 8 p.m. and accessible for students attending classes until 10 p.m. At all other times, access is restricted to faculty and staff. All students, visitors, vendors and contractors must enter via the main entrance or north student entrance and sign-in with security. Access to the 2nd and 3rd floors is restricted to faculty and staff. Students and visitors must be accompanied by a faculty or staff member when on these floors.

University classes, advising services and testing centers may be held at other University System of Maryland (USM) locations, neighboring institutions' campuses throughout the Maryland/D.C./Virginia area, as well as, other civilian and military locations worldwide on premises not owned or controlled by the University. Security policies and procedures for our neighboring institutions can be found on their websites (see *Reporting a Crime and Emergency / Public Safety Contact Information* section of this report for additional information). U.S. military installations are subject to applicable military rules and regulations. You should check with the military police/security office or Educational Center office/Navy College office at these locations for additional information regarding base security procedures and hours of operation.

The University does not have a policy that allows victims or witnesses to make confidential reports for inclusion in this Annual Report, other than under UMUC's Sexual Misconduct Policy (see the *Sexual Misconduct Policy* section in this report for additional information). However, if an individual is interested in making a report, he or she should contact the UMUC Director of Security at 301-985-7471 and every effort will be made to ensure that the individual's identity remains confidential.

The University encourages students and employees to be responsible for their own security and the security of others. UMUC Security periodically visits staff meetings to discuss security and safety measures. Seminars on security and crime prevention are scheduled in response to requests and on an as-needed basis. In addition, the campus community is routinely educated about security awareness and crime prevention measures via the UMUC security website, in weekly newsletters and through the distribution of flyers and pamphlets. For more information please visit the UMUC Security website at <http://www.umuc.edu/security/>.

The University does not recognize any off-campus student organizations. Therefore, UMUC does not monitor criminal activity that students engage in off-campus.

Timely Warnings

When a reportable crime occurs on one of UMUC's campuses or when a serious incident occurs that affects the UMUC community, UMUC will post a summary of the incident as a Security Alert on the UMUC website at <http://www.umuc.edu/security/alerts.cfm>. The UMUC Director of Security is responsible for posting these alerts in cooperation with the Marketing Department. If an imminent threat exists, UMUC emergency response protocol includes the use of Public Address systems at our Adelphi and Largo facilities, as well as, UMUC's [Emergency Notification \(text alert\) System](#), which can be activated by the Security Department to communicate a serious incident or emergency situation to the campus community.

Public Crime Log

A Public Crime Log is available for public access at the Adelphi Headquarters and the Academic Center at Largo. For more information or to access the log, please contact the on-site security personnel during normal operating hours or call UMUC Security at 240-684-2911.

Security Awareness and Crime Prevention Strategies

We all must work together to maintain a safe and secure environment. Heighten your security awareness and remain vigilant. Know your surroundings and who or what should or should not be there. If you have a concern or see something suspicious, report it immediately to security or law enforcement.

Be cautious and suspicious of:

- Any odd or out of the ordinary occurrences
- People's behavior
- Strange or peculiar activity
- Unattended backpacks, briefcases, etc.
- Packages, envelopes that do not appear normal
- Strange or illegally parked vehicles

You can minimize your chances of becoming a victim of crime if you know what situations to avoid and what preventive actions to take. Common-sense prevention skills can help make life at work safer for all.

- Trust your instincts. They are a natural gift that tells you when something is wrong.
- Be ready to take protective action if necessary. This could be something as simple as crossing the street and entering a populated area.
- Never leave valuables unattended and unsecured.
- Before you exit your car or building, check your surroundings for suspicious looking people and vehicles.
- Walk confidently and briskly.
- Scan the area around your car as you approach. If you see someone loitering around your vehicle, walk past until they leave.
- Always lock your office and any unoccupied room, even when leaving for only a moment.
- Check the identity of any strangers who are in your work area office - offer your assistance and ask them whom they are visiting and if you can help them find that person. If they make you uncomfortable, report your suspicions.
- Always let someone know where you'll be - whether you're coming in late, working late, going to lunch, or to a meeting.
- Be discreet - don't advertise your social life and vacation plans or those of others to people visiting or calling.
- Be cautious in restrooms. Attackers can hide in stalls and corners.
- Leaving late - create a buddy system for walking to the parking lot/garage.

Safety and Security is the responsibility of everyone. For more information on security awareness and crime prevention measures please visit the UMUC Security website at <http://www.umuc.edu/security/>.

EMERGENCY RESPONSE PROCEDURES

Timely communication in an emergency or crisis situation is crucial. It is important that the campus community, as well as emergency responders, department heads, media, etc. receive immediate and accurate information.

If a situation exists that threatens the safety and security of the UMUC community, the UMUC Security Department and Emergency Action Team will immediately assess the situation and determine the proper course of action. This is based on the size, scope and seriousness of the incident, and the threat to life, or the safety to the campus community. The Emergency Action Team will monitor emergency alert/NOAA radios and remain in constant communication with each other, as well as, the University of Maryland Department of Public Safety (UMDPS) and other local authorities. Once an emergency is confirmed and if there is an immediate threat to life and safety, the Security Department has the authority to issue an emergency text alert and/or public address announcement. In the event that there is not an immediate threat, the Emergency Action Team will consult and decide on the appropriate response. UMUC will also provide follow-up information to the campus community regarding the circumstances or status of an incident.

For worldwide military locations, please follow the emergency procedures and response plans for the installation where you are located. Please contact DES, security force/military police office or the Educational Center office /Navy College office for additional information.

In the event of an emergency, UMUC has several systems in place that provide the campus community with important warnings regarding an emergency, as well as, provide instructions on the appropriate response.

Emergency Notification System (UMUC MyAlerts)

UMUC MyAlerts is a software application used to send important and emergency notifications, via text and email, to its subscribers. Notifications are sent to the subscriber's email account/s and cell phone/s. All of the top hazards and major alert situations have pre-arranged texts, which enables the alert to be sent rapidly. The alert system is maintained by UMUC security and can be sent by security or specific members of the Emergency Action Team from their office, home or mobile device. The system is also used to provide necessary updates on a specific situation. UMUC monitors the UMDPS's emergency alert system, as well as, alert systems from jurisdictions that have authority over our regional locations. When an alert is received that affects the UMUC community for that region, UMUC will respond and alert the UMUC community affected by the emergency. To receive text alerts for emergencies, severe weather alerts, crime alerts, and school closings, please sign up for the [UMUC emergency notification system](#). Please see *Reporting a Crime and Emergency / Public Safety Contact Information* for links to the local jurisdiction's emergency notification systems at UMUC's regional locations.

Public Address System

All buildings on the Adelphi and Largo campuses have a public address (PA) system that can be activated by Security and Emergency Action Team members. In the event of an emergency affecting the campus, Security will initiate a PA announcement to the affected building/s.

Communication Department Alerts

In the event of an emergency situation, the Office of Communications will initiate their procedures by providing information regarding the emergency on the UMUC website and the Campus Information Line (301-985-7669). If necessary, a campus wide broadcast email can be sent.

Early Warning Siren

The University of Maryland Department Of Public Safety (UMDPS) has implemented an Early Warning System Emergency Siren Program to provide instant notification to the campus community of an imminent dangerous condition. This system is designed to alert those individuals outside of the campus buildings. The sirens can be heard on and around the UMUC Adelphi Campus, therefore enabling UMUC to take advantage of this life saving system. During an emergency the sirens will emit a steady tone that will sound for at least three minutes. When heard, individuals should seek immediate shelter. When the emergency situation has ended, the siren will sound an "all Clear" by emitting one short tone that will sound for less than 30 seconds. Additional information on the emergency will be provided via the UMUC Text Alert, PA and Communication Alerts. Individuals can also obtain information regarding a UMD siren by logging onto <http://www.umd.edu/> or calling 301-405-7669.

All-Hazard Emergency Operation Plan

In addition to the emergency notification procedures, UMUC has an all-hazard Emergency Operations Plan. The plan and its components are available at <http://www.umuc.edu/security/>. The plan includes the following emergency procedures:

- Fire

RESPONSE EMERGENCY ASSESSMENT CRISIS TEAM (REACT)

The Response Emergency Assessment Crisis Team (REACT) is dedicated to coordinating a proactive and planned approach to facilitate the early identification, prevention, assessment and management of serious interpersonal distress and/or harmful, disruptive behavior that threatens the safety and well-being of University of Maryland University College students, faculty, staff and guests.

The role of the Response Emergency Assessment Crisis Team is to review behavioral incidents and ensure a systematic response to students, staff, faculty and visitors whose behavior may be disruptive or harmful to themselves or the UMUC community and to assist in promoting the health, safety and welfare of students and other members of the UMUC community.

SEXUAL MISCONDUCT POLICY

The University System of Maryland (USM) and UMUC are committed to providing a working and learning environment free from sexual misconduct and harassment, including sexual and gender-based harassment, sexual violence, sexual assault, dating violence, domestic violence, sexual exploitation, and sexual intimidation.

For USM's Policy on Sexual Misconduct, visit <http://www.usmd.edu/regents/bylaws/SectionVI/VI160.pdf>.

For UMUC's Policy on Sexual Misconduct, see <https://www.umuc.edu/policies/adminpolicies/admin04100.cfm>.

UMUC Policy 041.00 expressly prohibits sexual misconduct, a form of sex discrimination. Consistent with the USM policy, UMUC's Sexual Misconduct policy explicitly prohibits sexual harassment, sexual assault including but not limited to dating violence, domestic violence, sexual exploitation, sexual intimidation, sexual violence, and stalking. These terms are defined within UMUC's policy and follow the definitions mandated by USM, including its definition of consent¹. Lastly, retaliation by UMUC students, faculty, staff, and applicants for employment, as well as third parties and contractors under UMUC control who make a complaint of Sexual Misconduct, participates in an investigation of a complaint, supports a complaint, or testifies concerning a complaint is expressly prohibited by this Policy.

INVESTIGATIVE AND ADJUDICATIVE PROCEDURES UNDER UMUC POLICY 041.00

After an incident of Sexual Misconduct has occurred a victim or a third party, such as UMUC students, staff not designated as Responsible Employees and members of the public are strongly encouraged to report the misconduct to the Title IX Coordinator, a member of the Title IX team, any person defined as a Responsible Employee under the policy, UMUC security, local law enforcement and/or medical personnel. UMUC policy also provides for the confidential reporting to the Ombud's Office. All Responsible Employees are required to notify the Title IX Coordinator, or a member of the Title IX team, of any report or incident of sexual misconduct.

Victims of sexual assault or third parties are strongly encouraged to contact law enforcement or medical personnel as soon as possible following an occurrence to receive guidance in the preservation of evidence needed for proof of criminal acts and the apprehension and prosecution of assailants. The Title IX Coordinator, members of the Title IX Team, UMUC Security or the Confidential Employee will assist in notification of off-campus authorities at the request of the alleged victim. The Title IX Coordinator, members of the Title IX Team, UMUC Security or the Confidential Employee will also assist the victim in obtaining medical attention, if the victim chooses, including providing transportation to the hospital or other emergency medical facility equipped with the Maryland State Police sexual assault evidence collection kit if the alleged assault occurs stateside. UMUC will contact local law enforcement when legally required to do or when there is a direct threat to the UMUC community.

Once the Title IX Coordinator receives a report, he or she will conduct a preliminary inquiry to the complaint to determine if interim measures should be taken, such measures may include but are not limited to, academic and employment accommodations, transportation escort services and options for and available assistance in obtaining no contact or protective orders, and enforcing existing and lawful no-contact or protective orders. These measures may be available whether an informal resolution is appropriate or if a formal investigation should occur. If the Title IX Coordinator determines that a complaint necessitates a formal investigation and adjudication, he or she will notify the Complainant and Respondent in writing. Once the parties are notified of the necessity of a formal investigation and adjudication, either party may request informal resolution of the complaint, except in cases of sexual assault. In order to proceed, both parties must agree to participate. Either party may elect to end the informal resolution process at any time.

During the investigation, the Title IX Team Member may administer oaths, obtain affidavits, conduct interviews as appropriate, and obtain relevant information necessary to investigate and determine appropriate results. Once the investigation is complete, the Title IX Team Member will prepare an investigative report, which will include a summary of the relevant evidence gathered, an analysis of the evidence, and an investigative determination based on the preponderance of the evidence as to whether it is more likely than not that the Respondent violated the Sexual Misconduct Policy.

¹ UMUC and USM define consent as a knowing, voluntary, and affirmatively communicated willingness to mutually participate in a particular sexual activity or behavior. It must be given by a person with the ability and capacity to exercise free will and

make a rational and reasonable judgment. Consent may be expressed either by affirmative words or actions, as long as those words or actions create a mutually understandable permission regarding the conditions of sexual activity. Consent may be withdrawn at any time. Consent cannot be obtained by force, threat, coercion, fraud, manipulation, reasonable fear of injury, intimidation, or through the use of one's mental or physical helplessness or incapacity. Consent cannot be implied based upon the mere fact of a previous consensual dating or sexual relationship. Consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another.

Students, faculty and staff found to have violated the Sexual Misconduct Policy will be subject to disciplinary sanctions including but not limited to verbal or written reprimand, disciplinary probation, restitution, suspension, termination or expulsion. Both parties are offered appeal procedures following receipt of the written decision. A prompt, fair and impartial process will be provided from the initial complaint to the result.

UMUC protects the confidentiality of complaints and the parties involved except to the extent that UMUC's ability to conduct an effective investigation is jeopardized or as otherwise provided by law, including, but not limited to, the Maryland Public Information Act and any lawfully issued subpoena. Complainants, Respondents, witnesses and all persons involved in investigations or in resolving a complaint of discrimination or harassment, are asked to make good faith efforts to keep confidential all information relating to a complaint. Failure to exercise good faith efforts in maintaining confidentiality may result in disciplinary actions and/or other serious sanctions.

In addition to filing a Sexual Misconduct complaint with the Title IX Coordinator, faculty, staff and applicants may contact external agencies including the Equal Employment Opportunity Commission (EEOC) or the Maryland Commission on Civil Rights (MCCR). Students may contact the Office for Civil Rights (OCR). A person wishing to file a complaint with an external agency is encouraged contact the appropriate agency promptly in order to verify the time limits and deadlines for filing complaints.

Please refer to UMUC Policy 041.00 – Sexual Misconduct Policy for a complete description of procedures including but not limited to anticipated timelines, written notifications and the rights of parties.

PREVENTION AND AWARENESS PROGRAMS

UMUC shall continue to take steps to prevent the occurrence of Sexual Misconduct and remedy its discriminatory effects. Education is an extremely important tool in eradicating discrimination and sexual harassment from the UMUC workplace and educational programs. All students and employees of UMUC will be required to complete Sexual Misconduct training offered online the Office of Diversity and Equity and compliance therewith will be monitored by the Title IX Coordinator, the Chief Diversity Officer and the Director of Multicultural Training and Programming. In addition to the online training, the Title IX coordinator will insure that all persons involved in the administration of Sexual Misconduct cases obtain annual training in receiving, reporting, and handling of Sexual Misconduct cases.

In accordance with Federal and USM requirements, UMUC is in the process of implementing various prevention programs aimed at preventing the occurrence of Sexual Misconduct, including dating violence, domestic violence, sexual assault, and stalking, and remedy its discriminatory effects. These educational initiatives will be informed by research or assessed for value, effectiveness, or outcome and will contain information regarding what constitutes Sexual Misconduct, definitions of consent and prohibited conduct (incorporating the required jurisdictional definitions), the institution's procedures, bystander intervention, risk reduction, and the consequences of engaging in Sexual Misconduct. Awareness Programs will include community-wide or audience-specific strategies that endeavor to increase audience knowledge and share information and resources to prevent violence, promote safety, and reduce perpetration. Ongoing prevention and awareness campaigns, directed towards both employees and students, will be sustained over time and focus on increasing understanding of topics relevant to and skills for addressing dating violence, domestic violence, sexual assault, and stalking. Primary prevention programming, geared toward all incoming students and new employees, will be aimed at preventing Sexual Misconduct before it occurs through the promotion of positive healthy behaviors that foster healthy, mutually respectful relationships and sexuality, encouraging safe bystander intervention, and changing behavior and social norms in healthy and safe directions.

COLLECTION OF CLERY CRIME STATISTICS

Campus crime, arrests and referral statistics include those reported to campus security authorities (CSA). A CSA includes campus security or an individual responsible for monitoring the entrance into institutional property; local law enforcement; an official of an institution who has significant responsibility for student and campus activities, including, but not limited to Department Heads, Education Coordinators, Regional Directors and military Education Service Officers. All criminal incidents are classified in accordance with the FBI Uniform Crime reporting Guidelines.

The statistics are collected for four types of properties: (a) on campus, (b) in dormitories or other residential facilities for students on campus, (c) in or on a non-campus building or property, or (d) on public property. **Campus** is defined as “(1) Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and (2) Any

building or property that is within or reasonably contiguous to the area identified in paragraph (1) of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).” **Non-campus** building or property is defined as “(1) Any building or property owned or controlled by a student organization that is officially recognized by the institution; or (2) Any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.” **Public Property** is defined as “public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.”

Categories of crime statistics included in this report are:

Criminal Offenses – murder/ non-negligent manslaughter, negligent manslaughter, rape, fondling, incest, statutory rape, robbery, aggravated assault, burglary, motor vehicle theft, arson, domestic violence, dating violence and stalking.

Hate crimes – any criminal offense committed against a person or property which is motivated, in whole or in part, by the offender’s bias. Bias is a preformed negative opinion or attitude toward a group of persons based on their Race, Gender, Religion, Sexual Orientation, National Origin, Gender Identity, Ethnicity, or Disability. Hate crimes are reported for the crimes of criminal homicide, sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, arson, and any other crimes involving bodily injury, as well as, larceny-theft, simple assault, intimidation, and destruction/damage/vandalism.

Arrests and Referrals for Disciplinary Action - for weapons (carrying or possessing), drug abuse violations and liquor law violations. Campus Disciplinary Referrals are incidents where an individual is not arrested but referred for possible campus disciplinary action (e.g. first offenders required to attend educational programs).

Crime definitions are classified based on the FBI’s Uniform Crime Reporting Handbook (UCR) at http://www.fbi.gov/about-us/cjis/ucr/additional-ucr-publications/ucr_handbook.pdf/view and the FBI’s National Incident-Based Reporting System (NIBRS) <https://www.fbi.gov/about-us/cjis/ucr/nibrs/nibrs-user-manual>.

1	The Universities at Shady Grove (USG) is a Regional Center for the University System of Maryland (USM). Degree programs from 9 of the 12 USM institutions are offered at USG. Students from each of these 9 institutions attend classes at USG and in some cases may attend classes on both campuses.				
2	Statistics listed in the "Public Property" category include those that took place off campus, on public property immediately adjacent to and accessible from the campus, but not on USG-owned property.				
3	Hate Crimes are crimes that manifest evidence that the victim was intentionally selected because of the victim's actual or perceived Race (RA), Religion (RE), Sexual Orientation (SO), Gender (G), Ethnicity (E), or Disability (D). Any numbers in small-print parentheses would indicate how many of the total number or reported incidents were motivated by each type of bias.				
4	The Montgomery County Police Department does not classify crimes into this category, statistics in this category will only be those reported or known by Campus Reporting Authorities or where enough information is known, allowing classification.				
5	Individuals not arrested, but referred for possible campus disciplinary action (e.g. first offenders required to attend educational programs.)				
6	Forcible Sex Offenses will be classified by category. Rape (R), Sodomy (S), Sexual Assault with an Object (SAO), and Fondling (F). Any numbers in small-print parentheses would indicate how many of the total number of reported incidents were recorded for each classification.				
7	Non-forcible Sex Offenses will be classified by category. Incest (I) and Statutory Rape (SR). Any numbers in small-print parentheses would indicate how many of the total number of reported incidents were recorded for each classification.				
8	Statistics in this column (On Campus) are only those that occurred within the contiguous geographic property of the Universities at Shady Grove (USG), Rockville, MD.				
9	Statistics in this column (Non-Campus Buildings or Property) are those that occurred within any off-campus property that is owned or controlled by any USG student organization or any off-campus property that is owned by USG and used in support of or in relation to USG's educational purposes.

UMUC EUROPE

(Headquarters in Kaiserslautern, Germany)

UMUC EUROPE SAFETY AND SECURITY

This report is prepared in cooperation with military security/police forces, Office of Legal Affairs, Diversity and Equity Office, Military Partnerships and UMUC Europe Director's Office and Human Resources Office. Campus crime, arrests and referral statistics include those reported to campus officials (including but not limited to department heads, education coordinators, regional directors and military Education Service Officers) and base security/police forces. All criminal incidents are classified in accordance with the FBI Uniform Crime reporting Guidelines.

UMUC Europe is headquartered in Kaiserslautern, Germany. Classes are offered at several U.S. military installations throughout Europe and the Middle East.

To report a crime or an emergency situation at any of the installations, contact:

112 - Cell Phone (German Emergency Assistance)

112 - DSN (On Post Emergency Assistance)

112 emergency phone number also works on Air Force Bases in Europe, in every EU country, and in over 70 countries worldwide.

The Education Centers at the local military installations ordinarily close between 2200 and 2300 (10:00p.m. and 11:00 p.m.) each evening or when all evening activities conclude. High schools on the installations, where UMUC classes are often held, close at similar times.

UMUC Europe does not recognize any off-campus student organizations. Therefore, UMUC does not monitor criminal activity that students engage in off-campus.

UMUC Europe offers Emergency Preparedness information to employees during new hire orientations and has links to important security related information available on ENGAGE. Information provided includes and is not limited to the USAREUR Reporting Portal (for threats, crimes, and suspicious activity), emergency response numbers, and UMUC's Response Emergency Assessment Crisis Team. Furthermore, the mandatory training, as per our overseas contract, that all UMUC Europe employees are required to complete includes topics related to crime prevention and reporting (i.e. Combating Trafficking in Persons, iWATCH, and Preventing Sexual Harassment/Assault). UMUC Europe does not provide programs to inform students about crime prevention, outside of programs related to sexual misconduct, since base security/military police on each installation are responsible for base security. Each military installation provides members of the community (to include our students, staff, and faculty) with resources on crime prevention and reporting, such as free pamphlets, pocket sized emergency contact information cards, etc.

Additionally, the local garrisons offer community level, instructor led face to face training open to the military community on topics including emergency preparedness, Anti-terrorism/Force Protection, Operations Security (OPSEC), Threat Awareness and Reporting Program (TARP), and iWATCH. This training includes information and updates relevant to the sites and is mandatory (on an annual basis) for service members and DOD civilians/contractors.

The University does not have a policy that allows victims or witnesses to make confidential reports for inclusion in this Annual Report, other than under UMUC's Sexual Misconduct Policy (see the Sexual Misconduct Policy on page 77 for more information). However, if an individual is interested in making a report, he or she should contact the UMUC Director of Security at 301-985-7471 and every effort will be made to ensure that the individual's identity remains confidential.

For additional information regarding base security and emergency response procedures, please contact the 569 US Forces Police at 489-6060/7070 or 0631-5366060 or your local base security force or military police. UMUC Europe encourages students and employees to be responsible for their own security and the security of others.

Timely Warning

Systems and procedures for mass notification of emergency situations vary by installation and by service branch. Dependent upon the nature of the emergency, personnel may be notified via 1) "Big Voice" loudspeaker system, 2) text message/email notifications from the local military alert system, 3) phone/email notification initiated by their Unit Commander and Leadership.

Emergency notifications and security updates are disseminated to staff and faculty via broadcast email messages and via phone calls or face to face, if necessary. Notifications are sent through the HR office or through the Director's office. Active duty military students are typically notified through their chain of command/units. DOD contractors are notified through their leadership. Family member are notified through their sponsor.

In emergency situations UMUC will contact students only when emergencies or severe weather conditions impact class schedules or use of education facilities. All student notifications would reference the military installation official announcement and be delivered primarily via social media announcements and emails to impacted students.

For information regarding base warning systems, please contact your local base security forces or military police.

SECURITY AWARENESS AND CRIME PREVENTION STRATEGIES

We all must work together to maintain a safe and secure environment. Heighten your security awareness and remain vigilant. Know your surroundings and who or what should or should not be there. If you have a concern or see something suspicious, report it immediately to security or law enforcement.

Be cautious and suspicious of:

- Any odd or out of the ordinary occurrences
- Suspicious behavior
- Strange or peculiar activity
- Unattended backpacks, briefcases, etc.
- Packages, envelopes that do not appear normal
- Strange or illegally parked vehicles

In accordance with the Threat Awareness and Reporting Program (AR 381-12), if you encounter a suspicious situation or person:

DO:

- Be observant and attentive
- Remember details
- Act noncommittal/ask for time

DO NOT:

- Investigate on your own
- Commit yourself to anything
- Discuss incident with anyone except US Army Intelligence Special Agents

You can minimize your chances of becoming a victim of crime if you know what situations to avoid and what preventive actions to take. Common-sense prevention skills can help make life at work safer for all.

- Trust your instincts. They are a natural gift that tells you when something is wrong.
- Be ready to take protective action if necessary. This could be something as simple as crossing the street and entering a populated area.
- Never leave valuables unattended and unsecured.
- Before you exit your car or building, check your surroundings for suspicious looking people and vehicles.
- Walk confidently and briskly.
- Scan the area around your car as you approach. If you see someone loitering around your vehicle, walk past until they leave.
- Always lock your office and any unoccupied room, even when leaving for only a moment.
- Check the identity of any strangers who are in your work area office - offer your assistance and ask them whom they are visiting and if you can help them find that person. If they make you uncomfortable, report your suspicions.
- Always let someone know where you'll be - whether you're coming in late, working late, going to lunch, or to a meeting.
- Be discreet - don't advertise your social life and vacation plans or those of others to people visiting or calling.
- Be cautious in restrooms. Attackers can hide in stalls and corners.
- Leaving late - create a buddy system for walking to the parking lot/garage.

Safe Social Networking:

- Be cautious when accepting friend requests and interacting with people online.
- Don't share information that you don't want to become public.
- Providing too much information in your profile can leave you exposed to people who want to steal your identity or steal sensitive information.
- When using Facebook and other social media platforms, do not post personally identifiable information.
- Take a close look at all privacy settings. Set security options to allow visibility to "friends only."
- Geotagging is a feature that reveals your location to other people within your network. Consider turning off the GPS function of your smartphone.

Safety and Security is the responsibility of everyone. For more information on security awareness and crime prevention measures please visit the UMUC Security website at <http://www.umuc.edu/security/> or contact your base security/military police force.

RESPONSE EMERGENCY ASSESSMENT CRISIS TEAM (REACT)

The Response Emergency Assessment Crisis Team (REACT) is dedicated to coordinating a proactive and planned approach to facilitate the early identification, prevention, assessment and management of serious interpersonal distress and/or harmful, disruptive behavior that threatens the safety and well-being of University of Maryland University College students, faculty, staff and guests.

The role of the Response Emergency Assessment Crisis Team is to review behavioral incidents and ensure a systematic response to students, staff, faculty and visitors whose behavior may be disruptive or harmful to themselves or the UMUC community and to assist in promoting the health, safety and welfare of students and other members of the UMUC community.

It is the responsibility of the staff, faculty and students to immediately [report](#) to REACT any situation that could result in harm to anyone at the university. The reports may come directly to the review team depending on the nature of the concern. **However, when there is a life-threatening emergency or an active or immediate risk of violence to self or others, contact the police at 911 or the [local military police/security force](#) that has jurisdiction over your location.**

For more information or to report your concerns please visit UMUC's [REACT web page](#), or contact react@umuc.edu.

SEXUAL MISCONDUCT POLICY

The University System of Maryland (USM) and UMUC are committed to providing a working and learning environment free from sexual misconduct and harassment, including sexual and gender-based harassment, sexual violence, sexual assault, dating violence, domestic violence, sexual exploitation, and sexual intimidation.

For USM's Policy on Sexual Misconduct, visit <http://www.usmd.edu/regents/bylaws/SectionVI/VI160.pdf>.

For UMUC's Policy on Sexual Misconduct, see <https://www.umuc.edu/policies/adminpolicies/admin04100.cfm>.

UMUC Policy 041.00 expressly prohibits sexual misconduct, a form of sex discrimination. Consistent with the USM policy, UMUC's Sexual Misconduct policy explicitly prohibits sexual harassment, sexual assault including but not limited to dating violence, domestic violence, sexual exploitation, sexual intimidation, sexual violence, and stalking. These terms are defined within UMUC's policy and follow the definitions mandated by USM, including its definition of consent¹. Lastly, retaliation by UMUC students, faculty, staff, and applicants for employment, as well as third parties and contractors under UMUC control who make a complaint of Sexual Misconduct, participates in an investigation of a complaint, supports a complaint, or testifies concerning a complaint is expressly prohibited by this Policy.

INVESTIGATIVE AND ADJUDICATIVE PROCEDURES UNDER UMUC POLICY 041.00

After an incident of Sexual Misconduct has occurred a victim or a third party, such as UMUC students, staff not designated as Responsible Employees and members of the public are strongly encouraged to report the misconduct to the Title IX Coordinator, a member of the Title IX team, any person defined as a Responsible Employee under the policy, UMUC security, local law enforcement and/or medical personnel. UMUC policy also provides for the confidential reporting to the Ombud's Office. All Responsible Employees are required to notify the Title IX Coordinator, or a member of the Title IX team, of any report or incident of sexual misconduct.

Victims of sexual assault or third parties are strongly encouraged to contact law enforcement or medical personnel as soon as possible following an occurrence to receive guidance in the preservation of evidence needed for proof of criminal acts and the apprehension and prosecution of assailants. The Title IX Coordinator, members of the Title IX Team, UMUC Security or the Confidential Employee will assist in notification of off-campus authorities at the request of the alleged victim. The Title IX Coordinator, members of the Title IX Team, UMUC Security or the Confidential Employee will also assist the victim in obtaining medical attention, if the victim chooses, including providing transportation to the hospital or other emergency medical facility equipped with the Maryland State Police sexual assault evidence collection kit if the alleged assault occurs stateside. UMUC will contact local law enforcement when legally required to do or when there is a direct threat to the UMUC community.

Once the Title IX Coordinator receives a report, he or she will conduct a preliminary inquiry to the complaint to determine if interim measures should be taken, such measures may include but are not limited to, academic and employment accommodations, transportation escort services and options for and available assistance in obtaining no contact or protective orders, and enforcing existing and lawful no-contact or protective orders. These measures may be available whether an informal resolution is appropriate or if a formal investigation should occur. If the Title IX Coordinator determines that a complaint necessitates a formal investigation and adjudication, he or she will notify the Complainant and Respondent in writing. Once the parties are notified of the necessity of a formal investigation and adjudication, either party may request informal resolution of the complaint, except in cases of sexual assault. In order to proceed, both parties must agree to participate. Either party may elect to end the informal resolution process at any time.

During the investigation, the Title IX Team Member may administer oaths, obtain affidavits, conduct interviews as appropriate, and obtain relevant information necessary to investigate and determine appropriate results. Once the investigation is complete, the Title IX Team Member will prepare an investigative report, which will include a summary of the relevant evidence gathered, an analysis of the evidence, and an investigative determination based on the preponderance of the evidence as to whether it is more likely than not that the Respondent violated the Sexual Misconduct Policy.

¹ UMUC and USM define consent as a knowing, voluntary, and affirmatively communicated willingness to mutually participate in a particular sexual activity or behavior. It must be given by a person with the ability and capacity to exercise free will and make a rational and reasonable judgment. Consent may be expressed either by affirmative words or actions, as long as those words or actions create a mutually understandable permission regarding the conditions of sexual activity. Consent may be withdrawn at any time. Consent cannot be obtained by force, threat, coercion, fraud, manipulation, reasonable fear of injury, intimidation, or through the use of one's mental or physical helplessness or incapacity. Consent cannot be implied based upon the mere fact of a previous consensual dating or sexual relationship. Consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another.

Students, faculty and staff found to have violated the Sexual Misconduct Policy will be subject to disciplinary sanctions including but not limited to verbal or written reprimand, disciplinary probation, restitution, suspension, termination or expulsion. Both parties are offered appeal procedures following receipt of the written decision. A prompt, fair and impartial process will be provided from the initial complaint to the result.

UMUC protects the confidentiality of complaints and the parties involved except to the extent that UMUC's ability to conduct an effective investigation is jeopardized or as otherwise provided by law, including, but not limited to, the Maryland Public Information Act and any lawfully issued subpoena. Complainants, Respondents, witnesses and all persons involved in investigations or in resolving a complaint of discrimination or harassment, are asked to make good faith efforts to keep confidential all information relating to a complaint. Failure to exercise good faith efforts in maintaining confidentiality may result in disciplinary actions and/or other serious sanctions.

In addition to filing a Sexual Misconduct complaint with the Title IX Coordinator, faculty, staff and applicants may contact external agencies including the Equal Employment Opportunity Commission (EEOC) or the Maryland Commission on Civil Rights (MCCR). Students may contact the Office for Civil Rights (OCR). A person wishing to file a complaint with an external agency is encouraged contact the appropriate agency promptly in order to verify the time limits and deadlines for filing complaints.

Please refer to UMUC Policy 041.00 – Sexual Misconduct Policy for a complete description of procedures including but not limited to anticipated timelines, written notifications and the rights of parties.

PREVENTION AND AWARENESS PROGRAMS

UMUC shall continue to take steps to prevent the occurrence of Sexual Misconduct and remedy its discriminatory effects. Education is an extremely important tool in eradicating discrimination and sexual harassment from the UMUC workplace and educational programs. All students and employees of UMUC will be required to complete Sexual Misconduct training offered

online the Office of Diversity and Equity and compliance therewith will be monitored by the Title IX Coordinator, the Chief Diversity Officer and the Director of Multicultural Training and Programming. In addition to the online training, the Title IX coordinator will insure that all persons involved in the administration of Sexual Misconduct cases obtain annual training in receiving, reporting, and handling of Sexual Misconduct cases.

In accordance with Federal and USM requirements, UMUC is in the process of implementing various prevention programs aimed at preventing the occurrence of Sexual Misconduct, including dating violence, domestic violence, sexual assault, and stalking, and remedy its discriminatory effects. These educational initiatives will be informed by research or assessed for value, effectiveness, or outcome and will contain information regarding what constitutes Sexual Misconduct, definitions of consent and prohibited conduct (incorporating the required jurisdictional definitions), the institution's procedures, bystander intervention, risk reduction, and the consequences of engaging in Sexual Misconduct. Awareness Programs will include community-wide or audience-specific strategies that endeavor to increase audience knowledge and share information and resources to prevent violence, promote safety, and reduce perpetration. Ongoing prevention and awareness campaigns, directed towards both employees and students, will be sustained over time and focus on increasing understanding of topics relevant to and skills for addressing dating violence, domestic violence, sexual assault, and stalking. Primary prevention programming, geared toward all incoming students and new employees, will be aimed at preventing Sexual Misconduct before it occurs through the promotion of positive healthy behaviors that foster healthy, mutually respectful relationships and sexuality, encouraging safe bystander intervention, and changing behavior and social norms in healthy and safe directions.

COLLECTION OF CLERY CRIME STATISTICS

Campus crime, arrests and referral statistics include those reported to campus security authorities (CSA). A CSA includes campus security or an individual responsible for monitoring the entrance into institutional property; local law enforcement; an official of an institution who has significant responsibility for student and campus activities, including, but not limited to Department Heads, Education Coordinators, Regional Directors and military Education Service Officers. All criminal incidents are classified in accordance with the FBI Uniform Crime reporting Guidelines.

The statistics are collected for four types of properties: (a) on campus, (b) in dormitories or other residential facilities for students on campus, (c) in or on a non-campus building or property, or (d) on public property. **Campus** is defined as “(1) Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and (2) Any building or property that is within or reasonably contiguous to the area identified in paragraph (1) of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).” **Non-campus** building or property is defined as “(1) Any building or property owned or controlled by a student organization that is officially recognized by the institution; or (2) Any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.” **Public Property** is defined as “public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.”

Categories of crime statistics included in this report are:

Criminal Offenses – murder/ non-negligent manslaughter, negligent manslaughter, rape, fondling, incest, statutory rape, robbery, aggravated assault, burglary, motor vehicle theft, arson, domestic violence, dating violence and stalking.

Hate crimes – any criminal offense committed against a person or property which is motivated, in whole or in part, by the offender’s bias. Bias is a preformed negative opinion or attitude toward a group of persons based on their Race, Gender, Religion, Sexual Orientation, National Origin, Gender Identity, Ethnicity, or Disability. Hate crimes are reported for the crimes of criminal homicide, sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, arson, and any other crimes involving bodily injury, as well as, larceny-theft, simple assault, intimidation, and destruction/damage/vandalism.

Arrests and Referrals for Disciplinary Action - for weapons (carrying or possessing), drug abuse violations and liquor law violations. Campus Disciplinary Referrals are incidents where an individual is not arrested but referred for possible campus disciplinary action (e.g. first offenders required to attend educational programs).

Crime definitions are classified based on the FBI’s Uniform Crime Reporting Handbook (UCR) at http://www.fbi.gov/about-us/cjis/ucr/additional-ucr-publications/ucr_handbook.pdf/view and the FBI’s National Incident-Based Reporting System (NIBRS) <https://www.fbi.gov/about-us/cjis/ucr/nibrs/nibrs-user-manual>.

UMUC ASIA

(Headquarters in Tokyo, Japan –Yokota Air Base Education Center)

UMUC ASIA SAFETY AND SECURITY

This report is prepared in cooperation with military security/police forces, Office of Legal Affairs, Diversity and Equity Office, Military Partnerships and UMUC Asia Director's Office. Campus crime, arrests and referral statistics include those reported to campus officials (including but not limited to department heads, education coordinators, regional directors and military Education Service Officers) and base security/police forces. All criminal incidents are classified in accordance with the FBI Uniform Crime reporting Guidelines.

UMUC Asia is headquartered in Tokyo, Japan at Yokota Air Base, Building 445. Classes are offered at U.S. military installations throughout Asia.

To report a crime or an emergency situation at any of the installations, contact:

- 911 from a DSN line for on-base emergency assistance throughout Asia
- 119 for off-base emergency assistance in Japan (including Okinawa) and South Korea
- 911 for on or off-base emergency assistance in Guam

The Education Centers at the local military installations ordinarily close between 2200 and 2300 (10:00p.m. and 11:00 p.m.) each evening or when all evening activities conclude. On occasion, UMUC classes are held in high school classrooms on the installation when other facilities are not available. High school classrooms are closed when the class concludes.

UMUC Asia does not recognize any off-campus student organizations. Therefore, UMUC does not monitor criminal activity that students engage in off-campus.

Base security forces/military police on each installation are responsible for providing programs and information regarding crime prevention and emergency response procedures. Such resources are provided by and available from the military communities to all members of those communities, including students, staff, and faculty. If students and employees have specific concerns regarding campus/base security procedures and practices, they should contact the local base security/military police force.

The University does not have a policy that allows victims or witnesses to make confidential reports for inclusion in this Annual Report, other than under UMUC's Sexual Misconduct Policy (see the Sexual Misconduct Policy on page 96 for more information). However, if an individual is interested in making a report, he or she should contact the UMUC Director of Security at 301-985-7471 and every effort will be made to ensure that the individual's identity remains confidential.

For additional information regarding base security and emergency response procedures, please contact your local base security forces or military police via the non-emergency number provided by the base operator or directory. UMUC Asia encourages students and employees to be responsible for their own security and the security of others.

Timely Warning

Systems and procedures for mass notification of emergency situations vary by installation and by service branch. Dependent upon the nature of the emergency, personnel may be notified via 1) "Big Voice" loudspeaker system, 2) text message/email notifications from the local military alert system, 3) phone/email notification initiated by their Unit Commander.

On Yokota AB, UMUC employees are notified of emergencies and severe weather conditions through a phone and email alert system managed by the Air Force. In addition to these notifications UMUC will follow up on these messages by ensuring they have been distributed to all affected employees through emails, phone calls and text messages, if appropriate.

In emergency situations UMUC will contact students when emergencies or severe weather conditions impact class schedules, use of education facilities, or transportation to and from the Education Center. All student notifications would reference the military installation official announcement and be delivered primarily via social media announcements and emails to impacted students.

For information regarding base warning systems, please contact your local base security forces or military police.

SECURITY AWARENESS AND CRIME PREVENTION STRATEGIES

We all must work together to maintain a safe and secure environment. Heighten your security awareness and remain vigilant. Know your surroundings and who or what should or should not be there. If you have a concern or see something suspicious, report it immediately to security or law enforcement.

Be cautious and suspicious of:

- Any odd or out of the ordinary occurrences
- Suspicious behavior
- Strange or peculiar activity
- Unattended backpacks, briefcases, etc.
- Packages, envelopes that do not appear normal
- Strange or illegally parked vehicles

In accordance with the Threat Awareness and Reporting Program (AR 381-12), if you encounter a suspicious situation or person:

DO:

- Be observant and attentive
- Remember details
- Act noncommittal/ask for time

DO NOT:

- Investigate on your own
- Commit yourself to anything
- Discuss incident with anyone except US Army Intelligence Special Agents

You can minimize your chances of becoming a victim of crime if you know what situations to avoid and what preventive actions to take. Common-sense prevention skills can help make life at work safer for all.

- Trust your instincts. They are a natural gift that tells you when something is wrong.
- Be ready to take protective action if necessary. This could be something as simple as crossing the street and entering a populated area.
- Never leave valuables unattended and unsecured.
- Before you exit your car or building, check your surroundings for suspicious looking people and vehicles.
- Walk confidently and briskly.
- Scan the area around your car as you approach. If you see someone loitering around your vehicle, walk past until they leave.
- Always lock your office and any unoccupied room, even when leaving for only a moment.
- Check the identity of any strangers who are in your work area office - offer your assistance and ask them whom they are visiting and if you can help them find that person. If they make you uncomfortable, report your suspicions.
- Always let someone know where you'll be - whether you're coming in late, working late, going to lunch, or to a meeting.
- Be discreet - don't advertise your social life and vacation plans or those of others to people visiting or calling.
- Be cautious in restrooms. Attackers can hide in stalls and corners.
- Leaving late - create a buddy system for walking to the parking lot/garage.

Safe Social Networking:

- Be cautious when accepting friend requests and interacting with people online.
- Don't share information that you don't want to become public.
- Providing too much information in your profile can leave you exposed to people who want to steal your identity or steal sensitive information.
- When using Facebook and other social media platforms, do not post personally identifiable information.
- Take a close look at all privacy settings. Set security options to allow visibility to "friends only."
- Geotagging is a feature that reveals your location to other people within your network. Consider turning off the GPS function of your smartphone.

Safety and Security is the responsibility of everyone. For more information on security awareness and crime prevention measures please visit the UMUC Security website at <http://www.umuc.edu/security/> or contact your base security/military police force.

RESPONSE EMERGENCY ASSESSMENT CRISIS TEAM (REACT)

The Response Emergency Assessment Crisis Team (REACT) is dedicated to coordinating a proactive and planned approach to facilitate the early identification, prevention, assessment and management of serious interpersonal distress and/or harmful, disruptive behavior that threatens the safety and well-being of University of Maryland University College students, faculty, staff and guests.

The role of the Response Emergency Assessment Crisis Team is to review behavioral incidents and ensure a systematic response to students, staff, faculty and visitors whose behavior may be disruptive or harmful to themselves or the UMUC community and to assist in promoting the health, safety and welfare of students and other members of the UMUC community.

It is the responsibility of the staff, faculty and students to immediately [report](#) to REACT any situation that could result in harm to anyone at the university. The reports may come directly to the review team depending on the nature of the concern. **However, when there is a life-threatening emergency or an active or immediate risk of violence to self or others, contact the police at 911 or the [local military police/security force](#) that has jurisdiction over your location.**

For more information or to report your concerns please visit UMUC's [REACT web page](#), or contact react@umuc.edu.

SEXUAL MISCONDUCT POLICY

The University System of Maryland (USM) and UMUC are committed to providing a working and learning environment free from sexual misconduct and harassment, including sexual and gender-based harassment, sexual violence, sexual assault, dating violence, domestic violence, sexual exploitation, and sexual intimidation.

For USM's Policy on Sexual Misconduct, visit <http://www.usmd.edu/regents/bylaws/SectionVI/VI160.pdf>.

For UMUC's Policy on Sexual Misconduct, see <https://www.umuc.edu/policies/adminpolicies/admin04100.cfm>.

UMUC Policy 041.00 expressly prohibits sexual misconduct, a form of sex discrimination. Consistent with the USM policy, UMUC's Sexual Misconduct policy explicitly prohibits sexual harassment, sexual assault including but not limited to dating violence, domestic violence, sexual exploitation, sexual intimidation, sexual violence, and stalking. These terms are defined within UMUC's policy and follow the definitions mandated by USM, including its definition of consent¹. Lastly, retaliation by UMUC students, faculty, staff, and applicants for employment, as well as third parties and contractors under UMUC control who make a complaint of Sexual Misconduct, participates in an investigation of a complaint, supports a complaint, or testifies concerning a complaint is expressly prohibited by this Policy.

INVESTIGATIVE AND ADJUDICATIVE PROCEDURES UNDER UMUC POLICY 041.00

After an incident of Sexual Misconduct has occurred a victim or a third party, such as UMUC students, staff not designated as Responsible Employees and members of the public are strongly encouraged to report the misconduct to the Title IX Coordinator, a member of the Title IX team, any person defined as a Responsible Employee under the policy, UMUC security, local law enforcement and/or medical personnel. UMUC policy also provides for the confidential reporting to the Ombud's Office. All Responsible Employees are required to notify the Title IX Coordinator, or a member of the Title IX team, of any report or incident of sexual misconduct.

Victims of sexual assault or third parties are strongly encouraged to contact law enforcement or medical personnel as soon as possible following an occurrence to receive guidance in the preservation of evidence needed for proof of criminal acts and the apprehension and prosecution of assailants. The Title IX Coordinator, members of the Title IX Team, UMUC Security or the Confidential Employee will assist in notification of off-campus authorities at the request of the alleged victim. The Title IX Coordinator, members of the Title IX Team, UMUC Security or the Confidential Employee will also assist the victim in obtaining medical attention, if the victim chooses, including providing transportation to the hospital or other emergency medical facility equipped with the Maryland State Police sexual assault evidence collection kit if the alleged assault occurs stateside. UMUC will contact local law enforcement when legally required to do or when there is a direct threat to the UMUC community.

Once the Title IX Coordinator receives a report, he or she will conduct a preliminary inquiry to the complaint to determine if interim measures should be taken, such measures may include but are not limited to, academic and employment accommodations,

transportation escort services and options for and available assistance in obtaining no contact or protective orders, and enforcing existing and lawful no-contact or protective orders. These measures may be available whether an informal resolution is appropriate or if a formal investigation should occur. If the Title IX Coordinator determines that a complaint necessitates a formal investigation and adjudication, he or she will notify the Complainant and Respondent in writing. Once the parties are notified of the necessity of a formal investigation and adjudication, either party may request informal resolution of the complaint, except in cases of sexual assault. In order to proceed, both parties must agree to participate. Either party may elect to end the informal resolution process at any time.

During the investigation, the Title IX Team Member may administer oaths, obtain affidavits, conduct interviews as appropriate, and obtain relevant information necessary to investigate and determine appropriate results. Once the investigation is complete, the Title IX Team Member will prepare an investigative report, which will include a summary of the relevant evidence gathered, an analysis of the evidence, and an investigative determination based on the preponderance of the evidence as to whether it is more likely than not that the Respondent violated the Sexual Misconduct Policy.

¹ UMUC and USM define consent as a knowing, voluntary, and affirmatively communicated willingness to mutually participate in a particular sexual activity or behavior. It must be given by a person with the ability and capacity to exercise free will and make a rational and reasonable judgment. Consent may be expressed either by affirmative words or actions, as long as those words or actions create a mutually understandable permission regarding the conditions of sexual activity. Consent may be withdrawn at any time. Consent cannot be obtained by force, threat, coercion, fraud, manipulation, reasonable fear of injury, intimidation, or through the use of one's mental or physical helplessness or incapacity. Consent cannot be implied based upon the mere fact of a previous consensual dating or sexual relationship. Consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another.

Students, faculty and staff found to have violated the Sexual Misconduct Policy will be subject to disciplinary sanctions including but not limited to verbal or written reprimand, disciplinary probation, restitution, suspension, termination or expulsion. Both parties are offered appeal procedures following receipt of the written decision. A prompt, fair and impartial process will be provided from the initial complaint to the result.

UMUC protects the confidentiality of complaints and the parties involved except to the extent that UMUC's ability to conduct an effective investigation is jeopardized or as otherwise provided by law, including, but not limited to, the Maryland Public Information Act and any lawfully issued subpoena. Complainants, Respondents, witnesses and all persons involved in investigations or in resolving a complaint of discrimination or harassment, are asked to make good faith efforts to keep confidential all information relating to a complaint. Failure to exercise good faith efforts in maintaining confidentiality may result in disciplinary actions and/or other serious sanctions.

In addition to filing a Sexual Misconduct complaint with the Title IX Coordinator, faculty, staff and applicants may contact external agencies including the Equal Employment Opportunity Commission (EEOC) or the Maryland Commission on Civil Rights (MCCR). Students may contact the Office for Civil Rights (OCR). A person wishing to file a complaint with an external agency is encouraged contact the appropriate agency promptly in order to verify the time limits and deadlines for filing complaints.

Please refer to UMUC Policy 041.00 – Sexual Misconduct Policy for a complete description of procedures including but not limited to anticipated timelines, written notifications and the rights of parties.

PREVENTION AND AWARENESS PROGRAMS

UMUC shall continue to take steps to prevent the occurrence of Sexual Misconduct and remedy its discriminatory effects. Education is an extremely important tool in eradicating discrimination and sexual harassment from the UMUC workplace and educational programs. All students and employees of UMUC will be required to complete Sexual Misconduct training offered online the Office of Diversity and Equity and compliance therewith will be monitored by the Title IX Coordinator, the Chief Diversity Officer and the Director of Multicultural Training and Programming. In addition to the online training, the Title IX coordinator will insure that all persons involved in the administration of Sexual Misconduct cases obtain annual training in receiving, reporting, and handling of Sexual Misconduct cases.

In accordance with Federal and USM requirements, UMUC is in the process of implementing various prevention programs aimed at preventing the occurrence of Sexual Misconduct, including dating violence, domestic violence, sexual assault, and stalking, and remedy its discriminatory effects. These educational initiatives will be informed by research or assessed for value, effectiveness, or outcome and will contain information regarding what constitutes Sexual Misconduct, definitions of consent and prohibited conduct (incorporating the required jurisdictional definitions), the institution's procedures, bystander intervention, risk reduction, and the consequences of engaging in Sexual Misconduct. Awareness Programs will include community-wide or audience-specific

strategies that endeavor to increase audience knowledge and share information and resources to prevent violence, promote safety, and reduce perpetration. Ongoing prevention and awareness campaigns, directed towards both employees and students, will be sustained over time and focus on increasing understanding of topics relevant to and skills for addressing dating violence, domestic violence, sexual assault, and stalking. Primary prevention programming, geared toward all incoming students and new employees, will be aimed at preventing Sexual Misconduct before it occurs through the promotion of positive healthy behaviors that foster healthy, mutually respectful relationships and sexuality, encouraging safe bystander intervention, and changing behavior and social norms in healthy and safe directions.

COLLECTION OF CLERY CRIME STATISTICS

Campus crime, arrests and referral statistics include those reported to campus security authorities (CSA). A CSA includes campus security or an individual responsible for monitoring the entrance into institutional property; local law enforcement; an official of an institution who has significant responsibility for student and campus activities, including, but not limited to Department Heads, Education Coordinators, Regional Directors and military Education Service Officers. All criminal incidents are classified in accordance with the FBI Uniform Crime reporting Guidelines.

The statistics are collected for four types of properties: (a) on campus, (b) in dormitories or other residential facilities for students on campus, (c) in or on a non-campus building or property, or (d) on public property. **Campus** is defined as “(1) Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and (2) Any building or property that is within or reasonably contiguous to the area identified in paragraph (1) of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).” **Non-campus** building or property is defined as “(1) Any building or property owned or controlled by a student organization that is officially recognized by the institution; or (2) Any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.” **Public Property** is defined as “public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.”

Categories of crime statistics included in this report are:

Criminal Offenses – murder/ non-negligent manslaughter, negligent manslaughter, rape, fondling, incest, statutory rape, robbery, aggravated assault, burglary, motor vehicle theft, arson, domestic violence, dating violence and stalking.

Hate crimes – any criminal offense committed against a person or property which is motivated, in whole or in part, by the offender’s bias. Bias is a preformed negative opinion or attitude toward a group of persons based on their Race, Gender, Religion, Sexual Orientation, National Origin, Gender Identity, Ethnicity, or Disability. Hate crimes are reported for the crimes of criminal homicide, sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, arson, and any other crimes involving bodily injury, as well as, larceny-theft, simple assault, intimidation, and destruction/damage/vandalism.

Arrests and Referrals for Disciplinary Action - for weapons (carrying or possessing), drug abuse violations and liquor law violations. Campus Disciplinary Referrals are incidents where an individual is not arrested but referred for possible campus disciplinary action (e.g. first offenders required to attend educational programs).

Crime definitions are classified based on the FBI’s Uniform Crime Reporting Handbook (UCR) at http://www.fbi.gov/about-us/cjis/ucr/additional-ucr-publications/ucr_handbook.pdf/view and the FBI’s National Incident-Based Reporting System (NIBRS) <https://www.fbi.gov/about-us/cjis/ucr/nibrs/nibrs-user-manual>.

ADDITIONAL DISCLOSURES (ALL DIVISIONS)

NOTIFICATION OF RIGHTS UNDER FERPA FOR POSTSECONDARY INSTITUTIONS

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their educational records. These rights include:

- A. The right to inspect and review the student's education records within 45 days of the day the University receives a request for access. Students should submit to the custodian of records written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
- B. **The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.** In order to ask the University to amend a record that they believe is inaccurate or misleading, students should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the University decides not to amend the record as requested by the student, a University official will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for the amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
- C. **The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.** A primary exception permits disclosure without consent to school officials with legitimate educational interests. These school officials are generally within the University System of Maryland or UMUC who have legitimate educational interests. A school official includes internal and external instructional or administrative personnel who are or may be in a position to use the information in furtherance of a legitimate educational objective, such as to provide student services or to pursue a debt owed to UMUC. This includes, but is not limited to, faculty, staff members, and security personnel. School official also includes a contractor, consultant, volunteer, or other party to whom UMUC has outsourced institutional services or functions instead of employees while under the direct control of UMUC. Legitimate educational interests include interests directly related to the academic environment.
- D. **The right to prevent disclosure of directory information.** UMUC may disclose directory information without consent unless a student files a written notice restricting the disclosure within three weeks of the first day in which the student is enrolled to the appropriate office. UMUC designates the following items as directory information:
 - a. Name
 - b. Major field of study
 - c. Dates of attendance
 - d. Degrees and awards received
 - e. Previous educational institution most recently attended
 - f. Date of birth
- E. **The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA.** Complaints to the Department of Education should be submitted to:

UMUC Peer to Peer Notification

Unauthorized use of copyrighted materials may bring civil and criminal penalties to the user. UMUC is committed to combating the unauthorized use of copyrighted materials on UMUC's network, and therefore, has established a written plan to achieve this goal. The intent of this plan is to inform UMUC students, faculty, and staff members of the appropriate use of copyrighted material on the network and to deter, detect, and discipline prohibited use, while reasonably maintaining the educational use of UMUC's network.

Summary of Civil and Criminal Penalties for Violation of Federal Copyright Laws

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement.

Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or "statutory" damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For "willful" infringement, a court may award up to \$150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys' fees. For details, see Title 17, United States Code, Sections 504, 505.

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense.

For more information, please see the Web site of the U.S. Copyright Office at www.copyright.gov, especially their FAQ's at www.copyright.gov/help/faq.

UMUC Procedures for Handling Unauthorized Distribution

UMUC implements an active protocol to respond to copyright infringement allegations. In accordance with the Digital Millennium Copyright Act ("DMCA"), UMUC has designated the following individual to receive and respond to reports of alleged copyright infringement on UMUC's website:

Maureen David
Vice President and General Counsel
University of Maryland University College
3501 University Boulevard East
Adelphi, Maryland 20783
301-985-7407
legaffairs@umuc.edu

In order to be effective under the DMCA, a notification of claimed infringement must be in writing and include the following information:

1. A physical or electronic signature of a person authorized to act on behalf of the owner of an exclusive right that is allegedly infringed;
2. Identification of the copyrighted work claimed to have been infringed, or, if multiple copyrighted works at a single online site are covered by a single notification, a representative list of such works at that site;
3. Identification of the material that is claimed to be infringing or to be the subject of infringing activity and that is to be removed or access to which is to be disabled, and information reasonably sufficient to permit the service provider to locate the material;
4. Information reasonably sufficient to permit the service provider to contact the complaining party, such as an address, telephone number, and, if available, an electronic mail address at which the complaining party may be contacted;
5. A statement that the complaining party has a good faith belief that use of the material in the manner complained of is not authorized by the copyright owner, its agent, or the law; and
6. A statement that the information in the notification is accurate, and under penalty of perjury, that the complaining party is authorized to act on behalf of the owner of an exclusive right that is allegedly infringed.

Once an effective DMCA takedown request is submitted, UMUC will act expeditiously to remove or block access to the infringing material.

U.S. Federal Law

Penalties for Possession: The Controlled Substances Act, 21 U.S.C. §§ 801, et seq. sets forth schedules of controlled substances. It is unlawful to possess any controlled substance without a valid prescription. This includes, but is not limited to, those drugs commonly described as "illegal drugs" such as marijuana, hashish, cocaine, PCP, LSD, methamphetamines, and heroin. Penalties for simple possession include fines of \$1,000 or more and imprisonment of not more than one year for a first offense. Subsequent convictions carry much higher fines and greater prison terms. The penalties also increase significantly if a mixture containing cocaine base is involved. Penalties will vary depending on the amount and type of drug involved, as well as other factors. In addition, any individual who knowingly possesses a controlled substance may be liable for a civil penalty up to \$10,000. Attempt and conspiracy carry the same maximum punishment as the object crime. See 21 U.S.C. §§ 844a.

Penalties for Trafficking: It is unlawful to manufacture, distribute, dispense, or possess with the intent to manufacture, dispense, or distribute, a controlled substance. First offenders for possession can also be ordered into drug treatment and community service. The penalties are doubled for adults who distribute drugs to minors. For a second offense, the penalties are tripled. The federal trafficking penalties are available on the U.S. Drug Enforcement Administration's website at www.justice.gov/dea/druginfo/ftp3.shtml.

Proximity to School Property: The punishment for possession or trafficking in a controlled substance is greatly increased if the offense was committed within 1,000 feet of a school, including a college or university, or other public property. An offender will be subject to twice the maximum authorized punishment and harsher sentencing restrictions, with a minimum one-year prison term. A second offense triples the fine and carries a minimum three-year prison term. See 21 U.S.C. § 860.

Drug Paraphernalia: Under Federal law, it is unlawful to sell, offer for sale, import, export, or use the mail or interstate commerce facilities to transport drug paraphernalia. Penalties include a fine and imprisonment for up to three years. See 21 U.S.C. § 863.

Loss of benefits: Among other sanctions, such as forfeiture of property and civil penalties, a person convicted of any Federal or State offense involving possession of a controlled substance can be denied Federal benefits such as loans, grants, contracts, and professional licenses, for a period of up to one year for a first offense and up to five years for subsequent offenses. Also, he or she can lose eligibility for assistance such as social security and food stamps. For trafficking or distribution crimes, a person can lose benefits for up to five years with the first conviction; up to ten years for a second conviction; and permanently for a third conviction. See 21 U.S.C. § 862, 862a.

Maryland Law

In addition to the Federal laws summarized above, the State of Maryland has its own laws dealing with controlled substances. The Maryland Controlled Dangerous Substances Act is codified in Title 5 of the Criminal Law Article of the Maryland Code.

Drug Offenses: Possessing or administering a controlled dangerous substance, unless obtained by prescription, is a misdemeanor, subject to imprisonment not exceeding 4 years or a fine not exceeding \$25,000 or both, or if the crime involves marijuana, imprisonment not exceeding 90 days or a fine not exceeding \$500 or both.

Distribution: A maximum of five years imprisonment or a fine not exceeding \$15,000 or both is the penalty for a first offense of manufacture, distribution, dispensing or possession with intent to distribute. With respect to a Schedule I or II narcotic drug, the penalty is up to 20 years or a fine up to \$25,000. For subsequent offenses, the penalties are substantially increased. If the offender is convicted as a "drug kingpin," even the first offense can carry a fine of up to \$1,000,000 and 20-40 years imprisonment without parole.

Proximity to School Property: Anyone who manufactures, distributes, dispenses, or possesses with intent to distribute a controlled dangerous substance within 1,000 feet of an elementary or secondary school, or on a school vehicle, will be subject to an additional prison term up to twenty years and/or a fine of up to \$20,000 for first offense, which doubles to 5-40 years imprisonment and/or \$40,000 fine for a second offense.

Drug Paraphernalia: Delivering, selling, manufacturing, or possessing with intent to deliver drug paraphernalia is a misdemeanor with a fine of up to \$500, and for each subsequent violation, imprisonment not exceeding 2 years and/or a fine up to \$2,000. Several Maryland jurisdictions have their own laws prohibiting the sale, display, distribution, or possession with intent to sell, of drug paraphernalia. Depending upon the particular local law, a violation may be punishable by fine of up to \$1,000 and/or possible imprisonment of up to six months.

Alcohol: Drinking alcoholic beverages is prohibited on public property under Maryland State law and under many county and local codes within Maryland. Many jurisdictions, either under State law or their own codes, also prohibit the possession of alcohol

in an open container on public property or shopping center property, these laws generally carry fines ranging from \$100 to \$500 for a violation, and some also provide for jail terms ranging from 5 to 90 days.

Maryland law also makes it a misdemeanor to be intoxicated in public and cause a public disturbance, or to be intoxicated and endanger the safety of another person or of property. This carries a fine of up to \$100 and up to 90 days imprisonment.

It is illegal for persons under age 21 to possess alcoholic beverages with intent to consume them, and for anyone to falsify or misrepresent his or her age or another person's age to obtain alcohol. The penalty is a fine not exceeding \$500 for the first offense and up to \$1,000 for repeat offenses. It is also illegal in most circumstances to obtain or give alcohol to a person under age 21. The penalty is a fine not exceeding \$1,000 for a first offense and up to \$1,500 for subsequent violations.

German Law

Under the German narcotics law, there are three categories which are listed in three different subsections of the law as follows:

Subsection 1: Illegal narcotics. Examples are substances like Marihuana, Hashish, Heroin, LSD as well as the drugs traded among minors as Ecstasy (MDMA, MMDA, MDE, MDA, DOB). In the case of Cannabis products (Hashish, Marihuana), the seed is exempt from the narcotics law. If the seed is cultivated as a drug, then it is included again in the narcotics law. Furthermore, the cultivation of the so called utilizable hemp (part of THC up to 0.3%) is also exempt from the narcotics law. The Ministry of Agriculture must provide a special authorization.

Subsection 2: Narcotics not available by prescription but permitted in certain circumstances. These are substances needed by the pharmaceutical industry for the manufacturing of medications. Examples are Cocaine leaves, Delta-9-Tetrahydrocannabinol (psychotropic substance in Hashish, Marihuana, THC), Dihydromorphine (basic substance in Morphine), Drimethadone (interim Methadone substance), Papaver Orientale (Sleeping Poppy) Pethidine Acid, Norpethidine.

Subsection 3: Narcotics available by prescription. These are medications which fall under the narcotics law, but which can be prescribed by a medical practitioner. Examples are: Amphetamine barbitol (prescribed as Secobarbital, a strong sleeping and pain-killing drug), different forms in the Benzodiazepine group like Promazepam, Diazepam, Flunitrazepam, Trizazepam. These substances are also contained in strong sleeping and pain-killing drugs as well as in psychiatric drugs. Other substances are Fenetyllyn: name of the drug: Captagon (psychiatric drug), Fentanyl (like Durogesic, a strong pain-killing drug), Buprenorphine: name of the drug: Temgesic (a strong pain-killing drug), Hydromorphone: name of the drug: Dilaudid (a strong pain-killing drug), further substances like Levomethadone (name of the drug: L-Polamidon) or Methadone (name of the drug: Polamidone), as well as Dronabinol (pharmaceutical name for Delta9 Tetrahydrocannabinol: name of the drug: Marinol), Cocaine (as local narcotics in ophthalmology), as well as Codeine (in the case of respiratory diseases or as substitute for Heroine drug addicts).

Under the German narcotics law, any contact (except consumption) with the substances under subsections 1, 2 or 3 puts the person under penalty. Although consumption is not punishable, the acquisition or possession of the narcotic is punishable.

According to § 29 of the narcotics law, the cultivation, production, trade, import, export, disposal, delivery, trafficking, acquisition or obtaining these substances under any other way is submitted to penalty. The above mentioned offences are punished with a prison sentence of up to 5 years or with a fine. The narcotics law does not differ between so called “hard” and “soft” drugs. Such differences are made during the punishment verdicts on a case by case basis.

According to § 29 of the narcotics law, persons who are themselves not directly in contact with the drugs but who inform about, provide or grant others with opportunities for the unauthorized consumption, acquisition, and delivery are also punished with a prison sentence of up to 5 years or with a fine. This regards the advertising for drugs as well as providing rooms at disposal for the drugs consumption.

According to § 29, section 3, the earlier mentioned drug penalties have been increased. This concerns the trading or the actions endangering the health of more persons respectively. The penalty will be prison sentence not under 1 year.

According to § 29, section 5, the narcotics law allows the courts the possibility to dismiss a criminal proceeding when the drug consumer cultivates, produces, imports, exports, acquires or obtains in any other way or possesses only for personal use in small quantities the drugs listed in subsection 1-3. The small quantity is not defined neither by law nor by jurisdiction, so it can be stated that a dismissal of a criminal proceeding will be done through an individual decision by the respective court.

Since the verdict of the Federal Constitutional Court (the “Cannabis verdict”) the jurisdiction acquired a certain attitude regarding

the Cannabis drugs Hashish and Marihuana. This attitude differs from one Bundesland to the other. In the Department of Public Prosecution Ellwangen/Jagst criminal proceedings are dismissed with quantities up to 3 grams of Hashish and 5 grams of Marihuana in the case of a first time offender if no persons were endangered.

In addition, § 29 of the narcotics law contains a penalty increase. This concerns delinquents who are older than 21 years and who deliver, administer or leave to direct consumption to persons under 18 years the drugs listed in subsection 1-3. (Exceptions are here again medical practitioners, dentists and veterinarians). Furthermore, the increase of penalty, for a period not under 1 year, is effective with the delivery, production or possession of drugs not in small quantities according to the subsections 1-3 of the narcotics law. The significant quantities values are defined by the jurisdiction and amount to:

Heroin: 1.5 grams Heroinehydrochlorid

Morphine: 4.5 grams Morphinehydrochlorid

Methadone: 3 grams Methadonehydrochlorid

Opium: 200 consumer units corresponding to 5 grams

Morphinehydrochlorid

Cocaine: 3 grams Cocainehydrochlorid

Cannabis products: 7.5 grams Tetrahydrocannabinol (THC)

Lysergid (LSD): 300 trips corresponding to 6 mg Lysergid

Amphetamine: 10 grams Amphetamine base

Ecstasy: MDMA: 300 consumer units corresponding to 24 grams

MDMA-base

MDE: 200 consumer units corresponding to 34 grams MDE Hydrochloride

MDA: 250 consumer units corresponding to 30 grams MDA Hydrochloride

In § 30 of the narcotics law there are additional penalty increases. In the following situations, the penalty increases to not under 2 years:

- when narcotics are cultivated, produced or traded and the delinquents
- act as a member of a gang,
- join together with the aim of continuing such acts, respectively deal commercially
- cause death thoughtlessly by dispensing narcotics
- and import a significant amount from a foreign country

In § 30a of the narcotics law, increases of the offenses include additional penalties of imprisonment of not under 5 years.

Perpetrators, as members of a gang, fall under this law if they conspired to continue committing offenses according to the narcotics law, cultivate, manufacture, deal with, import or export narcotics in a significant amount. The same is true for perpetrators who are over 21 years old and instruct people under 18 years of age:

- to deal with narcotics
- import or export narcotics
- or give it to people in any other way.

If a person carries a firearm or any other weapon, which could harm other people, with him when carrying out an offense, the penalty increases to not under 5 years.

Also, § 32 of the narcotics law contains provisions that are punished as irregularities. These are not offenses, but legal violations that can be fined up to an amount of DM 50,000. These provisions concern people who may work with narcotics according to an exceptional permission.
